

Han Peng

EDUCATION

2014 – Now Department of Physics, University of Oxford DPhil (PhD) Reading in Condensed Matter Physics
2010 - 2014 University of Science and Technology of China (USTC) Bachelor of Science in Applied Physics

RESEARCH

- 2014 – Now** **PhD Project: Study of Electronic Properties of Quantum Materials** **Advisor: Prof. Yulin Chen**
Clarendon Laboratory, Department of Physics, University of Oxford
- Using Angular Resolved Photo-Emission Spectroscopy to study electronic properties of quantum materials, including graphene, topological semi-metals and topological insulators
 - Developing data analysis system for massive spectrum image data processing. The work includes algorithm optimisation, data visualisation and graphic user interface building
- 2017** **Research Intern: Neuron Image Registration** **Advisor: Prof. Kenneth Harris**
Cortical Processing Laboratory, University College London
- Developed algorithm to register neuronal images with different modality and detection methods
- 2013** **Research Intern: Study of Jamming Transition in Soft Materials** **Advisor: Prof. Ning Xu**
Computational and Theoretical Soft Condensed Matter Physics Laboratory, USTC
- Computationally studied the power law phenomenon in the Jamming transition of a particle system
 - Analysed the performance of energy minimization algorithm in different energy potential field

TEACHING

- 2017 – Now** Tutor in **Mechanics**, Jesus College, University of Oxford
2016 – 2017 Tutor in **Condensed Matter Physics**, Hertford College, University of Oxford
2015 – Now Demonstrator (Senior Demonstrator since 2017) in **Computational Physics**, University of Oxford

AWARDS AND FUNDING

- 2014 – Now** Oxford University – China Scholarship Council Scholarship, full scholarship for PhD study
2015 Arthur H. Cooke Memorial Prize awarded by Department of Physics, University of Oxford
2011 National Endeavours Scholarship awarded by Ministry of Education of China
